**VEGAN NON-GMO**

Product of Germany

Available in 60ct or 120ct boxes

It is estimated that almost 30 million Americans would benefit from support of healthy glucose levels. Many would like a safe, clinically tested, and effective option. **Sucontral D** provides it.

**Sucontral D** is the clinically studied formula powered by *Hintonia latiflora*, a botanical with a long history of traditional use. Scientists have discovered a unique compound in this plant that powerfully supports healthy blood sugar balance and has been validated by over 60 years of German research.† **Sucontral D** combines *Hintonia latiflora* with supportive B vitamins, folic acid, vitamins C and E, and the trace minerals zinc and chromium – important nutrient cofactors for insulin function and healthy blood sugar metabolism.† With decades of clinical research, **Sucontral D** is the superior choice for clinically studied glucose support.\*†

- Backed by 60 years of research
- First time available in the U.S.
- From the makers of Traumaplant® Comfrey Cream

**Sucontral D** supports:

- Maintenance of healthy blood sugar levels throughout the day†
- Healthy insulin function
- Healthy A1C levels†
- Carbohydrate metabolism\*

**Clinically Studied, Real Results!**

Clinical research showed that with continued use, **Sucontral D** improved overall quality of life associated with blood sugar balance.\*†

## Frequently Asked Questions for Sucontral® D:

### Q. What is *Hintonia latiflora*?

A. Traditionally, the dried bark of *Hintonia latiflora* has been used to support healthy blood sugar balance, and in fact, it is commonly found in marketplaces in Mexico.\*† It grows mostly in the desert and withstands an intense climate. Tougging out monsoon-like rainy seasons and scorching dry spells has created a powerful defense mechanism within the plant itself. Much in the way that anthocyanins, protective compounds in berries, can be even greater after some stresses to the plant, the beneficial compounds of *Hintonia* are made all the stronger for its ability to survive and thrive in a difficult environment.

### Q. What are “A1C levels”?

A. A1C tests, also known as “HbA1c” tests, show average blood sugar levels over time. The levels indicate what percentage of hemoglobin, the protein that carries oxygen in red blood cells, is “glycated” or “coated” with sugar.

### Q. How were the levels of the vitamins/minerals in this formula determined?

A. **Sucontral D** was developed in Europe with the major focus on how best to deliver the unique polyphenols from the herb *Hintonia latiflora* as the key ingredient for supporting blood sugar health.\*† The great majority of benefits from this product are related to the activity of the herb. However, the developers decided to include small amounts of other nutrients as a baseline of vitamin and mineral support. The clinical studies on this specific formula included the vitamin and mineral component, and so we have kept the formula exactly as it was used in human studies showing beneficial results.

### What to pair with Sucontral® D:

- **CuraMed®** – Provides clinically studied curcumin with turmeric essential oil for up to 500 times the absorption of turmeric.^ It supports healthy cells, nerve function, and blood sugar balance.\*†
- **Healthy Feet & Nerves™** – Supports nerve function in the feet, legs, fingers, and throughout the body.\*

† Supports healthy levels already within normal range

^ Based on enhanced absorption of CuraMed® curcumin versus equivalent weight capsules of unstandardized turmeric containing 2% curcumin.
