If pregnant or nursing, consult a healthcare practitioner before using.

While many probiotic supplements talk about the amount of beneficial bacteria they deliver, the real importance is what *type* of probiotics you get—not just the count.

Only **Colon & Bowel Probiotic** features the *FloraSure*® probiotic blend, a unique combination of live, active cultures with a long history of human use, specifically chosen to help relieve occasional digestive discomforts. **Colon & Bowel Probiotic** provides the probiotics you need to support healthy intestinal flora and mucosa, eases occasional gut issues, and promotes everyday gastrointestinal function.*

Relieves occasional:

- Gas
- Bloating
- Cramping
- Irregularity
- Diarrhea
- Constipation*

Why Colon & Bowel Probiotic?

- *FloraSure* probiotic blend: 20 billion live, active probiotic bacteria
- Provides *Lactobacillus plantarum, Lactobacillus rhamnosus, and Bifidobacterium bifidum*
- Non-dairy based probiotic—perfect for individuals with diet sensitivities
- Just one capsule daily
- No refrigeration necessary

Frequently Asked Questions for Colon & Bowel™ Probiotic:

Q. Can't I just get my probiotics from yogurt?

A. You'll get some probiotics from yogurt, but it won't be the same as what you'll get in Colon & Bowel Probiotic. While most yogurts measure their probiotic count in the millions, by the time it gets through the digestive system, it'll be a lot less. By contrast, Colon & Bowel Probiotic provides 20 billion probiotic bacteria in just one capsule. For reference, it takes 1,000 million to make even **one** billion! But most importantly, the beneficial bacteria in Colon & Bowel Probiotic have a long history of human use. We don't simply throw a variety of probiotics at the digestive system and hope that they work. They've been carefully selected and blended especially for everyday use and great results.

Q. I have a problem with dairy. Is it okay for me to take Colon & Bowel Probiotic?

A. Yes, it is perfectly okay for you to take Colon & Bowel Probiotic. While many probiotic supplements are derived from strains of beneficial bacteria cultured ("grown") on dairy, the probiotics in Colon & Bowel Probiotic are not.

Q. Can children use Colon & Bowel Probiotic?

A. Yes. Although Colon & Bowel Probiotic was designed for adult use, the probiotics can be used in children. The capsule can be opened and the contents sprinkled on food, but should be consumed within 10 minutes.

What to pair with Colon & Bowel™ Probiotic:

- **Stomach and Intestinal Relief*** – clinically studied deglycyrrhizinated licorice shown to support the lining of the stomach and intestines for soothing GI Support.*
